/ THIS Company is being formed with the chief object of providing owners of property Local Fire Insurance Office, the establishment November, 1885, were reported:of which the commercial importance of the Settlements seems fully to warrant.

The volume of Fire Insurance business in the Straits is large and increasing. The existing Company can only take a limited amount on any one block of buildings, and it is reasonable to suppose that a second local Institution would as INLAND LOT Number 766 measuring command a goodly share of the risks which are on the North Side thereof 50 feet, on the now going to far distant Companies, who offer Insurers no participation in profits, and in which

little (7 no Share interest is locally held. It is notorious that Fire Insurance business in the East has for many years past been exceed-Area of 4,000 square feet and held for the ingly profitable. Rates of premium are well unexpired term of 999 years at a yearly maintained, and the Company has no intention of competing on lower terms than commonly

The Company will be worked in connection with, and within the Head Office of, the Straits Insurance Company, Limited, and by the Board of Directors and Staff of that Institution. The Accounts and Liabilities of each Office will be kept absolutely distinct. Expenses of Management will be shared by the two Companies in such proportions as may be determined by the Directors. Under such joint working both Offices will materially benefit by a considerable lessening of the said Costs of Management. Branches or Agencies will be established in such Ports and Places within and outside the Straits Settlements as may appear to afford fields for profitable business. Agents now acting for the WRITING for an Insurance Company in Marine Company will probably all be willing to Singapore. act for the Fire Office.

The Company will, it is assumed, benefit largely by the good will of the Marine Office, and, in consideration of this, 10,000 Shares will be offered preferentially to the Proprietors of the latter, from the majority of whom important Fire business may be expected. The allotment of the remaining 10,000 Shares and of such of the 10,000 aforesaid which may not be taken up THE ADVERTISER, just out from Home [1528 by Shareholders in the Marine Company will have the most careful attention of the Directors, Members who will contribute business.

It is the Directors' intention to allot a fair proportion of Shares to applicants outside the Straits Settlements, and on the principle above

The Japan Mail translates the following from the Nichi Nichi Shimbun :- Mr. Kim, who has been staying at the Grand Hotel in Yokohama, was arrested on the 26th July by the Kanagawa police officials. The French Consul, to whom the Japanese authorities applied for a warrant of arrest, referred to the French Minister on the subject, previously to issuing it, the case being exceptional. The Minister, after repeated communications with the Foreign Office, gave the necessary instructions to the Consulate to issue the warrant.

The arrangements which were in contemplation for a further stay in Liverpool were unfortunately defeated by the indisposition of the Marquis, who was compelled to return to London on the 30th ult. Though not such as to cause serious alarm, we regret to say that his Lordship's health is far from satisfactory. The Marquis is a most indefatigable worker, and the constant strain on the system Tincidental to a tour such as that on which he has been engaged has culminated by reducing him to a condition of complete prostration, and consequently he was obliged to return to town suddenly from Liverpool, after a very brief stay, though it was his original intention to remain several days, and afterwards to visit Sheffield.

> In the Queen's Bench Division the cases of Levinstein and Sons v. Adamson. Bell and Co. and Adamson, Bell and Co. v. Lavinstein and Sons were tried before Mr. Justice Mathew on the 30th June, and resulted in a judgment in favour of Messrs. Adamson, Bell, and Co., for 21.750 and costs. Messrs. Levinstein's claim for £20,000 damages being dismissed with costs. The cases promised to raise a question of considerable interest and importance to all persons connected with the China trade as affecting the discretionary rights of sale for the purposes of reimbursement by an agent abroad of goods consigned to him for sale against which he had accepted drafts. In 1881 Messrs. Levinstein arranged to ship goods consisting of aniline dyes Amoy, which port was reached late on Sunday to Messrs. Adamson, Bell and Co. a loss of about £2,000, for which they now counterclaimed and sued. Messrs. Levinstein in their actions claimed £20,000 damages from Messrs, Adamson, Bell and Co., for breach of contract in selling under their limits. After the cases had been proceeded with some little way, and after some very pertinent remarks from the Bench as to the absurd position in which it was sought to place Messrs. Adamson. ABOUT A MARVELLOUS CURE. SIX YEARS WITHOUT

GOING TO BED. Mr. Editor,-While spending a few days at the pleasant seaside town of Aberystwith, Cardi ganshire, Wales, I heard related what seemed to me either a fabulous story or a marvellous cure. The story was that a poor sufferer who had not been able to lie down in bed for six long years. given up to die by all the Doctors, had been speedily cured by some Patent Medicine. It was related with the more implicit confidence from DAVID CORSAR & SONS' the circumstance, as was said, that the Vicar of Llanrystyd was familiar with the facts, and could vouch for the truth of the report.

Having a little curiosity to know how such stories grow in travelling. I took the liberty while at the village of Llaurystyd to call upon the Vicar, the Rev. T. Evans, and to enquire about this wonderful cure. Though a total stranger to him, both he and his wife most graciously entertained me in a half hour's conversation, principally touching the case of Mr.
